Type: IIIC

Stage of Construction: Early

The launch site consists of a U-shaped excavation with a rectangular earth mound apparent on the SW side and a square earth mound apparent on the NE side. There is a 90-degree difference in orientation between this site and the others of the complex. A probable security fence is visible W of the excavation. The site support facility is approximately 500 ft NE of the site and consists of approximately 9 buildings, one of which appears to be earth mounded.
